

# Reshaping Your Workplace

For wellness, safety and productivity.

## PLAN

Technology-enabled remote space planning, programming and reshaping of our clients' workspaces locally and across the country. Our consultative planning process is both immediate and ongoing as we partner with our clients to adapt to an ever-changing workplace.

## FURNISH

Incorporating innovative and purposeful furnishings and accessories from our 200+ lines of furniture such as panels, dividers, flexible & mobile screens, partitions and informational signage.

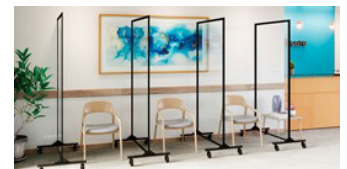

Workstation Screens

Panel Based Workstations

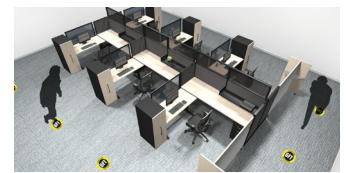

Wellness Screens

Clear Mobile Dividers

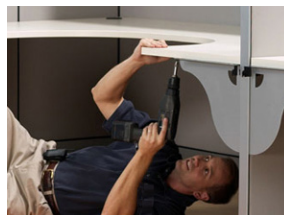

Room Dividers

Directional Signage

## SERVICE

Disassembly and reconfiguration of existing spaces to provide proper distancing and safe travel. Installation of new furnishings and accessories. Removing excess workstations, relocating departments and decommissioning of vacated spaces.

## NEW DESIGN PARADIGMS

Now is the time to start planning your office optimizations—this includes office retrofits, labor to reconfigure, installation of new protective product, and focus on employee health and wellness. There is a massive responsibility for employers to keep employees safe during these times. With employee care at the forefront, Rightsize can provide expert product and design knowledge to transform your workplaces to meet these needs.

## COMPLIMENTARY OFFICE REDESIGN HOW IT WORKS

### Show us your space

Send us a floorplan of your office space to [retrofit@rightsizefacility.com](mailto:retrofit@rightsizefacility.com).

### Collaborate with us

Share your concerns, goals and learn about industry best practices from our workplace experts virtually.

### Receive complimentary floorplan redesign

Our workplace experts will create a custom design recommendation package that will address your areas of concern and incorporate new protective measures.
