THE STORY

OBJECTIVE

Bamboo Detroit Coworking Space turned to Rightsize for a furniture partnership with the aim to provide an inspiring and supportive environment to help a diverse group of entrepreneurs start up their business. The partnership continues through several expansions downtown and into the suburbs.

DESIGN SOLUTION

To be able to create a dynamic co-working space that will cater to a diverse community of creators and entrepreneurs, Rightsize embark on the concept of setting up a flexible working area to maximize the value of every dollar spent. We provided pre-owned and remanufactured Herman Miller and Humanscale solutions that fit seamlessly into NXT Design's vision and provided members with a high-end yet inexpensive furniture solution that facilitated a healthy, productive, collaborative co-working space.

DESIRED OUTCOME

A well-designed co-working space is an asset to founders and a team of creators looking to grow and scale their businesses. And so, we made it our goal to provide only the best and quality facilities for a comfortable working atmosphere guaranteed to stimulate productivity.
